Save the Date - Saturday, August 2, 5:00 pm—???

Branch Clipping—April 21

Please view details on the city [website](#).

We could also use some help clearing any branches from the Westchester common area and getting them to the curb for removal.

Volunteer & Paid Opportunities

In addition to lifeguards and adult pool monitors, we are also looking for someone who does tile work to repair the pool tiles that pop off every year. If you install tile for a living (or know someone who does) and would like to put in a bid, please contact comms@foresthillspsa.com.

We also have many [volunteer](#) opportunities [listed here](#). If you would like to make the association better, help us save money, and give back to your community, contact us comms@foresthillspsa.com.
